The total increase in membership during the year was more than 1,300. COAL MINERS FIGHT WAGE REDUCTIONS

(By Associated Press)
Indianapolis, Ind., Sept. 20—No wage reductions of coal miners must be permitted and all resources of the union must be made available to back up this policy in opposition to the wage cut, John Lewis, president of the United Mine Workers of America, declared here today in his annual report at the opening of the convention of the international union. He also recommended a postponement until next February of the miners' adoption of definite wage demands. He asked the convention to reaffirm its declaration of two years ago, favoring nationalization of coal mines and for a declaration that "the fight in Mingo county, West Virginia, must be won." He recommended the union test the constitutionality of the Kansas industrial court law. Discussing the wage question, Lewis said the coal operators in a number of states, including Kentucky and Tennessee, have filed demands for reductions, but the union's policy is uncompromisingly for carrying out the present agreements which he said are predicated on the award of the bituminous coal commission, functioning under governmental authority.

TOO FEW DOCTORS IN RURAL DISTRICTS

And Danger Of Over-Specialization, Says Report To State Medical Association

(By Associated Press)
Louisville, Sept. 20—Too few physicians are locating in the rural districts and there is danger of over-specialization by doctors, the report of the Council to the House of Delegates of the Kentucky Medical Association declared in its annual report made here last night. The tendency of too many to settle in centers of population rather than in rural sections, the report said, constitutes a danger both to the medical profession and to the public.

Urging a closer relationship between the physicians of the state who devote themselves to curative medicine and the health authorities who specialize in preventive medicines, the council in the report said:

"It is clearly time that the organized medical profession shall accept the responsibilities in connection with ill health and its causes, and shall support through its county and municipal societies, such diagnostic, teaching and other clinics as will bring to all the people, whether living in the cities or the country, all the knowledge and means necessary to enable them to live through the years of their natural expectation."

The report of the council in emphasizing the dangers of over-specialization declared that it is essential that the physician, even though ultimately his practice is to be that of a specialist, be given a sound and general training in medicine. One of the particular dangers of over-specialization emphasized was that it has led the general public to distrust any doctor except a specialist.

The fact that in this connection Kentucky is rather better off because a law requiring the examination in the fundamental branches of all who desire to practice the various cults of medicine by assistant examiners of the State Board of Health, also was brought out in the report.

Emphasizing the need of more thorough training in preventive medicine, the council commended the University of Louisville, for courses that have been added to its curriculum. The School of Public Health operated jointly by the State Board of Health and the University, also was commended and the declaration made that more public health physicians and more public health nurses are needed in the state.

KENTUCKY BANDIT DARING PEN ESCAPE

Little Rock, Ark., Sept. 20—Tom Slaughter, notorious outlaw and bandit, Sunday added another chapter to his long list of crime when, in a sensational attempt to escape from the Arkansas penal farm, he killed one man and perhaps fatally wounded two others, all trusty guards, with a rifle smuggled to him by someone on the outside.
Bliss Addison, draft register, serving 18 years for murder committed when a posse tried to capture him and other residents in the mountains of Claiborne county, was killed. James Morris and DeWitt Taylor, the other guards, were shot through the body and are not expected to live.

Slaughter early Sunday morning obtained the smuggled rifle from its hiding place. He ordered the convicts in the room to lie down and through a window began picking off the guards, the report said, Morris being shot first and then Garrett.

Crossing to another window Slaughter fired on Addison, killing him with the first shot. Slaughter fired at several officials and then started to make a break for the open. As he reached the door Sam Payne, life term, opened fire with a pistol. His aim was so accurate that Slaughter threw away the gun, raised a handkerchief and surrendered.

Slaughter is understood to be wanted in Kentucky for a bank robbery at Cave City.

HIS IDEA OF A DRUNK

Judge Riley, of Lexington, Tells What Degree Will Receive Fine

(By Associated Press)
Lexington, Sept. 20—Imbibers of moonshine, Jamaica ginger, red whisky or any other kind of intoxicants known to persons interested in evading the Volstead act, will not be found guilty of drunkenness in the Lexington police court unless they create a disturbance. This ultimatum to the police of the city recently was laid down by Police Judge J. J. Riley in dismissing the case of a negro arrested because he "staggered slightly" from the effects of overindulgence in forbidden beverages.

"My notion of being drunk," said Judge Riley, "is not walking harmlessly down the street, staggering slightly from the effects of a few shots under the belt, but to be convicted of drunkenness a man must be bumping into folks, causing a disturbance, or be down in the streets blocking traffic." In dismissing the negro, Judge Riley added that "under the Eighteenth amendment a man is not allowed to argue with an officer over a drink and hereafter if an officer tells you to go home when you are drinking or looking for a drink, you had better go." The negro in this case had been ordered to go home but refused to do so.

At the same Monday morning session in which the judge laid down the rule for convicting persons of drunkenness, five white men and one woman were found guilty of being drunk and fined.

Mr. Cantil said the farmers in the tobacco districts owed twice as much money as they ever owed before and if they did not sign the contract the tobacco combines would take their product at "starvation prices" and by March 10,000 tobacco farms in the burley district would be forced to sign.

George Colvin says if the constitutional amendments carry in Kentucky he will not be applicant for appointment as State Superintendent. Nor do we expect any one else will openly be an applicant. However, Mr. Colvin could hardly be expected to control his friends from "urging" his qualifications before the board or commission, or the governor who might be given the appointment by the legislature, if the people vote these amendments.

You can't help noticing the man who comes down to the office in the morning with ruddy cheeks and clear sparkling eyes—full of energy, and eager for the tasks of the day.

He is physically "fit"—and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids coffee, though he may drink Postum—the well-known and delicious beverage, coffee-like in flavor.

This is the secret of his superb health. He isn't putting the drugs from coffee or tea into his system three times every day. As a consequence he sleeps like a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, coffee-like flavor of Postum will surprise and please you.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Stories of Great Scouts

BELZY DODD, THE "MAN WHO SCALPS HIMSELF"

Some historians have asserted that Belzy Dodd was a myth, but some of the old scouts who knew him well do not agree with them. "Ask some of the Indians who raided along the old Santa Fe trail about 'The Man Who Scalps Himself,'" they said, with a laugh. Like California Joe, Dodd was a practical joker, and one of his jokes once defeated a band of Indians and saved a wagon train from the horrors of a massacre.

Dodd was guiding a caravan of traders to Santa Fe. At night they parked their wagons in a circle with the mules corralled inside to prevent their being stampeded if Indians attacked. Outside the circle guards were posted to give warning at the first appearance of a savage.

Just before daylight one morning the traders were awakened by a shot, and rushed out to find a guard lying wounded on the ground. In the next instant a band of Pawnees charged down on the train. A fierce battle followed. The Indians who attacked the train were re-enforced by a larger band and in a short time it became evident that the train, whose defenders were hopelessly outnumbered, was doomed. Suddenly Dodd, whose rifle had knocked down more than one painted warrior, threw aside his weapon and dashed outside the circle of wagons.

Howling, fiendishly, he rushed into the midst of the charging Pawnees. Before the Indians could recover from their surprise at his bold act, Dodd whipped out his long knife, ran it around the edge of his hair, and with a wild yell, tore off his shock of black hair and waved it about his head.

It was too much for the Pawnees. With a howl of terror, they broke and ran. Dodd was a swift runner—he could hold his own in running beside a galloping buffalo, it is said—and he pursued the frightened redskins, shrieking and waving his "scalp" until they left him far behind. A wig had saved a wagon train!

After that time any wagon train which Belzy Dodd guided over the Santa Fe trail was safe if the Indians saw Dodd in the lead. They had no use for a man who could scalp himself and still live.

What became of Belzy Dodd and where he died is as much a mystery as his birth and early life. He played his little role as a comedian in the drama of the West, and then, like many greater actors, he passed on and was soon forgotten.

Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I was irregular and I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. After I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. MARY M. WAGNER, Box 769, West Palm Beach, Florida.

While no woman is entirely free from periodic suffering it does seem to be the plan of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.

HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Mosser, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible. 'I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble. 'It was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good. 'I stopped at a state-lawyer and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it. 'I had only taken a few doses when I felt it would do me good. This gave hopes and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and womanly pains and has been found to benefit thousands of such cases. When used, the following instruction or that do not require medical treatment. Try it.

Other advertisers must also get results from their expenditures and some of them are enormous. For instance pick up the Saturday Evening Post and it is never lacking for ads. Much Suffering Caused by Waste Products in the Blood

What Science Knows About the Matter and How It Is
Best Treated.

The blood is more important than any of the organs. It is thru the blood that the whole human body is directly or indirectly nourished. The blood gets its nourishment from the intestines. The intestines also contain waste products—undigested foods, acids, gases and refuse, which sometimes get in the blood.

When waste products get in the blood, nature will strive to cast them out. If your resistance is strong enough, nature will probably succeed. But if you are "below par," weak, run-down, and nervous, nature will begin to show signs of distress.

As a result, you will have that feeling of fatigue. You will lack the energy you need for the day's duties and pleasure. Minor ailments will begin to affect you—pimples, blackheads, and boils.

If the waste products are not gotten out of the blood at this point, it is possible a more serious skin eruption or disease will begin to show itself.

It is not infrequent for waste products to settle in the muscles and joints and cause rheumatism.

Listen to nature's warning. Your blood is your fountain source of energy—therefore keep your blood rich and pure.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-720 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.

BEARS BEAT BLUE LICK IN CLOSE GAME

Charley Rogers Pitches Good
Ball and Earl Combs Smites
the Pill Mightily

The Richmond Bears defeated the Blue Lick nine at Greenland Park Saturday by a score of 9 to 8. The Blue Lick nine managed to get one more hit than the Bruins but two home runs by Combs helped the Bears. Rogers pitched good ball for the Bears and held the enemy in check until the ninth when an error by McKinney led the way to an uncalled-for rally which was checked just in time to stave off another Bear slaughter. Maupin was on the hill for the opposition and was hit in early rounds but managed to tighten up considerably in the latter half of the game.

Earl Combs led the Bruins in hitting with three hits in his three trips to the plate. Two of his hits were home runs. The first came in the third round when he came up first and clouted one to deep right for a circuit. His second round trip was made in the fifth with Henbree on first. Combs also played a fine game in the field, sacking three, including a hard running catch off Kinnard's bat.

The Blue Lick boys tallied in the first-inning on O. Harrison's single and Phillips' double.

The Bears promptly took the lead in their half of the first on Clark's single, Henbree's double, and Combs' single.

The Bears added one more in the second on Kinnard's error. Lackey's single, and Clark's one-base hit. Combs put another over in the third with a home run.

Blue Lick added one more in the fourth, one in the sixth, one in the eighth, and four in the ninth.

The Bears made the game safe making two runs in the fifth, one in the seventh, and one in the eighth.

Lackey, Parks, Ritter and Robinson made nice catches on the green. The score:

AT JOHNSON'S PARK

Berea Tigers Win One and Lose One in Double Header

A double header was played at

Johnson's park Sunday, the 18th, near Berea. In the first game the Berea Tigers defeated Blue Lick 5 to 2. Each team made the same number of hits but Blue

Lick chalked up seven errors, while the Tigers made three. Kinnard had plenty of stuff on the ball but was wild and ineffective with men on. The lineups were:

Blue Lick—B. Johnson, lf; Maupin 2b; Harris 1b; Phillips 3b; Sanders, c; Moore ss; Kinnard p; Porks cf; H. Johnson rf. Tigers—Arnett ss; Richardson 3b; Lewis 1b; Clark c; Vernon rf; Menifee 2b; Bolt cf; Bowman p; Robinson lf.

Hits off Kinnard 5; off Bowman 5; winning pitcher, Bowman; losing pitcher Kinnard. Umpires, Lewis and Gabbard; time of game 1:20.

In the second game the Berea first team defeated the Tigers 8 to 2. This game was called in the fifth inning on account of the Tigers being very tired, says the report from there.

WM. S. HART AT MOVIES TUESDAY

When Wm. S. Hart was fifteen years old, he left the Dakota territory for New York City. He lived in the vicinity of 56th street with his parents. Even at that age, the famous Paramount western star, whose own productions are recognized as the greatest of their kind, was a skilled horseman. He loves horses, and naturally, they love him. He wanted to work when not going to school and one day, at 130 West Fifty-sixth street, he

entered a riding academy to ask for a job. He was a real rider, having learned when among the Indians, with his father, in earlier boyhood. They gave him a chance to work out skittish colts in Central Park and he made quite a bit of pocket money thereby.

Two years ago when on a Liberty Loan tour, Mr. Hart dropped into the Fifty-sixth street studio of the Famous Players-Lasky—which he had not hitherto visited. To his astonishment, he found that it was the old riding school of his boyhood now transformed. "It brought back old times,"
